

## where tradition and innovation come together

Corporate Business Interiors (CBI) is changing the way office space comes to life. We merge the best in products designed for sustainability and style with a long history of hands-on involvement. Our experience covers a wide range of industries and categories including commercial, education, healthcare, federal, state & local governments.

“We attribute our success to a simple customer promise: every customer deserves our best.”

– Hice Stiles, President

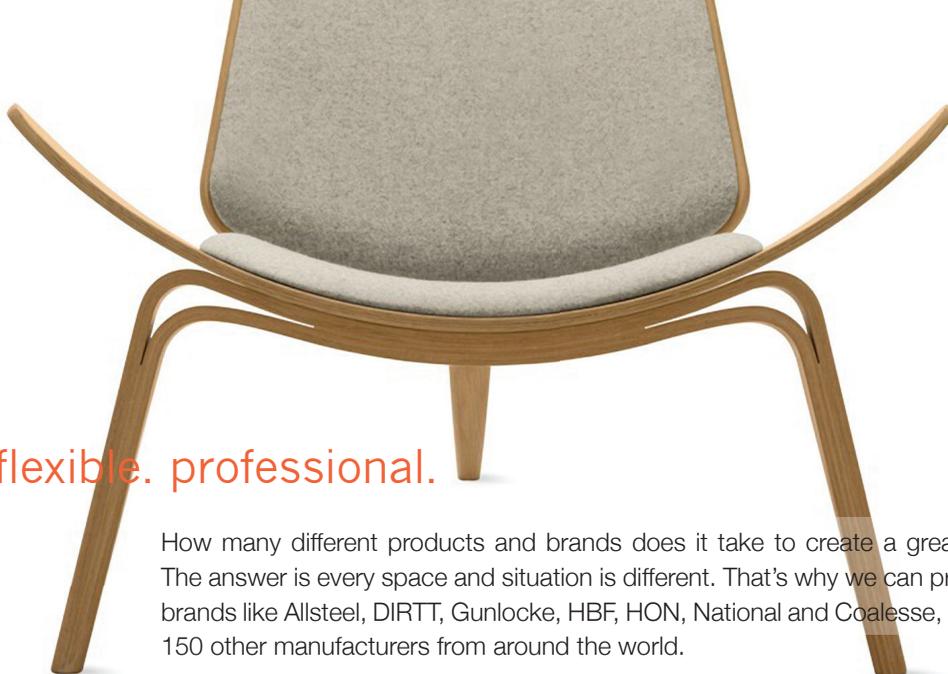

**Founded in 1980.** We are family owned with a heritage of California farming, strong roots and ideals. For over 30 years our sales, customer service, design and installation teams have shared a common bond and allegiance to our tradition of doing it right. We understand that there is more to furnishing an office than furniture; you want complete solutions delivered by trained and responsive individuals that provide outstanding products and unparalleled services. Our number one goal is to provide our customers with the very best experience and services available.

We manage the process with one point of contact which provides timely and effective solutions for businesses like yours and why we can promise that no one can finish the job like we can.

Corporate Business Interiors

sustainable. flexible. professional.

How many different products and brands does it take to create a great workspace? The answer is every space and situation is different. That's why we can provide the best brands like Allsteel, DIRTT, Gunlocke, HBF, HON, National and Coalesse, as well as over 150 other manufacturers from around the world.

Corporate Business Interiors offers a wide range of services designed to help organizations maximize the value and use of their office environment. All of the services we offer include our one point of contact hands-on attention to the details managed by the most conscientious project teams in the industry.

Services include:

- Workstations, Furniture, Storage & Seating
- Modular Walls, Electrical, Data & Millwork
- Furniture Specifications & Design
- Delivery & Installation
- Move Management & Relocation
- Repairs & Reconfigurations
- Re-Upholstery & Upholstery Cleaning
- Asset Management & Storage

## DIRTT the next generation of Modular Walls, Power & Data

DIRTT stands for 'Doing It Right This Time'. 'Doing it Right' means workspace designed and built using architectural elements that reduce waste, save space, use only water-based finishes and are reusable on a large and small scale. 'Doing it Right' also refers to the freedom to design these elements to produce a perfectly unique and functional workspace suiting your exact needs now and in the future.

Whether you want universal horizontal support for hanging furniture, storage or kitchen appliances, or curved walls of glass or wood or some of everything—each DIRTT Wall is customizable, speaks the same language and connects to the rest of the world the same way. You determine the function, flexibility and aesthetic of your space. So doing the right thing is also doing the best thing for your workspace.
